

AMENDMENT

IN THE SPECIFICATION

Please amend the specification as indicated in Appendix A submitted herewith according to the revision to 37 C.F.R. § 1.121 concerning a manner for making amendments to the specification.

REMARKS

Further to a Response filed on February 23, 2004, Applicants now amend the specification at the indicated pages to correct typographical errors.

As shown in the Appendix A, the noted Examples contain typographical and minor errors regarding the IUPAC designation. For example, the Example 17 on page 58 of the specification has been amended from "2-acetylamino-1,3,6-tri-O-acetyl-4-trifluoromethanesulfonyl-2-deoxy- α -D-glucopyranose" to "2-acetylamino-1,3,6-tri-O-acetyl-4-O-trifluoromethanesulfonyl-2-deoxy- α -D-glucopyranose". Notably, the compounds, such as shown

for compound 1a-5, , remain the same given that

the error is related only to the IUPAC name and not the chemical formula.

Applicants note that similar amendments to the IUPAC designation have been made to Examples 18-22, 26-29, 31-32 and 36-37 of the specification.

No new matter within the meaning of § 132 has been added by any of the amendments.

Accordingly, Applicants respectfully request the Examiner to enter the amendments.

Respectfully submitted,

SHERMAN AND SHALLOWAY
